

Teacher Training

Did you know we support trainee teachers?

We take great pride in our partnership with Inspiring Leaders Teacher Training to nurture aspiring teachers. Trainee teachers receive exceptional support from both ILTT and our school during their placements. As an Ofsted 'Outstanding' partner, Inspiring Leaders Teacher Training offers various pathways to Qualified Teacher Status (QTS), such as SCITT and assessment only routes for Early Years, Primary and Secondary.

The majority of training occurs within school with additional training days led by experienced teachers and leaders. Our school actively participates by providing Primary trainees with opportunities to interview and/or train within our school. Here, they benefit from the expert support, training, and guidance offered by our experienced teachers, subject specialists and learning coaches.

“All trainees are very well prepared for the realities of teaching, including in different settings. In the primary phase, trainees gain exceptional knowledge and skills.” Ofsted, 2023.

If you are passionate about education and want to make a difference in the lives of young people, we invite you to find out more. For information, school experience or to explore teacher training possibilities, visit the ILTT website at <https://inspiringleadersscitt.com/>.

Ofsted Report - [Ofsted - Inspiring Leaders - Teacher Training \(inspiringleadersscitt.com\)](https://inspiringleadersscitt.com/)

“We were learning in a school based environment and surrounded by supportive people who made us feel part of the family. Our Professional Lead was so invested in us and always had time for me even after graduating. It made all the difference in my early career.”

Sam Jenkins SCITT alumni and Phase Leader
